“The staff were so loving with my dad, and to me. The hospice house took a tremendous weight off my shoulders so that I could use my energies for my last moments with my dad.”

- Cathy, Daughter of a Hospice Care Recipient

“I felt very safe during our meetings. It really helped me get through all the different emotions and stages in grief. It helped my family because I was able to help them more and just talk about it. I feel that I am in a healthier place than I was before.”
